“Active transportation” is a means of getting around that is powered by human energy, primarily walking and bicycling.
NYSDOT Active Transportation Strategic Plan
# NYSDOT Active Transportation Strategic Plan

## I. POLICY STATEMENT

The New York State Department of Transportation (Department) will promote pedestrian and bicycle travel for all persons on the state transportation system.
Improving safety and infrastructure for active transportation creates an integrated, intermodal transportation system that provides travelers with a real choice of transportation modes.
NYSDOT Active Transportation Strategic Plan

Mission Statement:
What we value

Vision Statement:
What we want to become

Strategy:
How will we achieve our vision

Goals & Objectives:
How do we gauge our degree of success

Internal and External Stakeholder Communication
Clarity of:

- what our goals are,
- what we need to do to implement them,
- and ways to measure for accountability.
NYSDOT Active Transportation Strategic Plan

Goals of the Plan:

- Clarity of vision
- Buy-in of the vision both internally and externally
- Assessment of what we do and how we do it
- Assessment of how we communicate and collaborate and recommendations on how to improve the process
- Accountability-Performance measures
- Recommendations for Policy and Design Guidance
- Funding Strategies
- Implementation Recommendations
NYSDOT Active Transportation Strategic Plan
